

THE NEW
VOLVO XC60

INNOVATION FOR PEOPLE

Made by Sweden

At Volvo Cars, we continuously innovate in order to make your life better. Every car, every technology and every design is the result of a clear vision – to put people at the heart of everything we do. It's a vision that has driven us from the start, one informed by Sweden, a country which values people as individuals and where conventions are challenged. It's a culture with a rich design heritage and a unique way of looking at the world.

“It’s the perfect car for demanding
drivers in search of refinement and freedom
- Both in town and beyond the city limits”

THE SCANDINAVIAN ATHLETE

Refined strength, designed in Sweden.

With its dynamic, perfectly crafted, elegant exterior, the XC60 is an SUV that makes a strong visual statement. Beautifully crafted details let you know that this is a Volvo. With its sharp creases and curves, the sculpted bonnet helps create an impression of strength and refinement. Large wheels and pronounced wheelarches express the car's athleticism and capability. One glance tells you this is a car that's ready for whatever activity or adventure awaits.

PLEASURE FOR YOUR SENSES

Crafted for an enjoyable drive.

The XC60 is built for enjoyment, because we think you should enjoy every drive in your car, no matter how short or long the journey. That's why we crafted the XC60 to be a car that you feel inspired and confident when driving. One where you always feel in control, and where technology is there to support you and make every interaction second nature.

NATURALLY BEAUTIFUL

Light, space and craftsmanship – enjoy Swedish luxury on every drive.

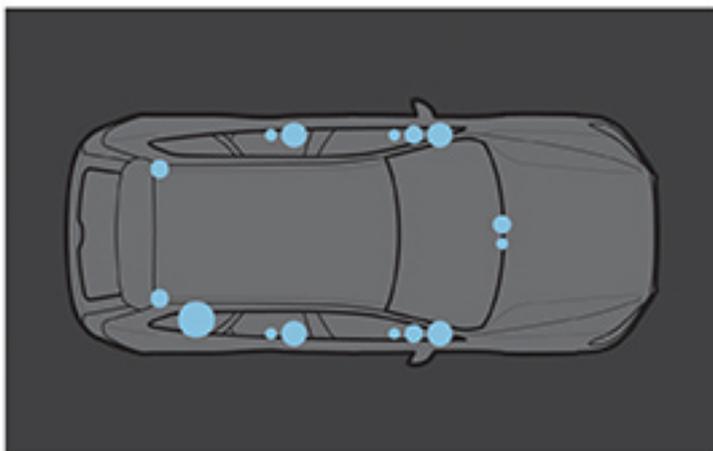

The exclusive XC60 Inscription, with its luxurious look and feel, evokes a strong sense of elegant refinement.

CONNECTING YOU WITH A WORLD OF ENTERTAINMENT

Get closer to the music you love, no matter which seat you're in. With Sensus Connect all of your music is available all of the time, whether it's direct from your favoured media source or streaming from the internet. It all begins with the 9-inch centre display, the control centre for Sensus. The surface responds to the lightest of touches – you only need to brush your fingers over the glass to operate the controls. It even works with gloved hands.

9-inch centre display. The focal point of the elegant cabin is the 9-inch centre display with touch screen, which uses a portrait format to give you a large viewable area that means less scrolling. This format is perfectly suited to displaying maps, and mirrors the look of modern

This innovative technology brings exceptional clarity and realism to your favourite music. The unique air-ventilated subwoofer delivers richer, deeper bass by drawing air in from outside.

Voice control. Controlling Sensus is as easy as telling it what to do. Talk to your Volvo.

INTELLISAFE

Always looking out for you

BLIS

Available Blind Spot Information System (BLIS™), which Volvo pioneered over a decade ago, supports you when you have to change lanes in busy traffic.

360° Surround View Camera

As part of the Advanced Package, our 360° Camera shows you a high-resolution bird's eye view of the area surrounding your Volvo – a great help when you reverse or maneuver in confined areas with impaired visibility.

Pilot Assist

Available Pilot Assist extends semi-autonomous driving to include low-speed traffic jams as well as general highway driving.

The sculpted front seats are more than just beautiful to look at. Their unique structure helps to absorb a vertical impact, helping to protect your spine if the car lands heavily after leaving the road.

The body of the XC60 provides you and your passengers with maximum protection in all types of accidents and uses a high percentage of ultra high-strength boron steel to create a protective cage around you and your passengers.

ELEGANCE AS STANDARD

The XC60 Inscription is the SUV that combines true Swedish craftsmanship with luxurious comfort. Subtle design touches inside and out make it the perfect car for those who appreciate luxury without wanting to shout about it.

THE RIGHT EQUIPMENT FOR YOUR DRIVE.
